ELECTRONIC TRANSMISSION
Information Bulletin No. BC-99-126

To: All State Directors, Director, NIFC
Attn: State Engineers/Property Officers

From: Director, National Business Center

Subject: Incomplete Real Property Information DD: 10/22/99

The Federal Property Management Regulation (FPMR) Part 101-3 requires all agencies to submit annual reports to the General Services Administration (GSA) on the maintenance and review of real property owned or leased to the United States. Part of the data required for this report is the Congressional District(s) in which the real property site is located. This is based on the physical location and zip code of the site.

We need your help in ascertaining or confirming the physical location of the real property sites currently carried in the national Bureau of Land Management Real Property System. Attached is a list of the sites currently in the system with the addresses and zip codes we have determined. Please review this list and provide corrections or additional information to this office by October 22, 1999. With the submission of this information, the Bureau will be able to submit accurate information to the Department of the Interior (DOI) for inclusion in the DOI submission to GSA.

We earnestly encourage Real Property and Engineering employees to work together in this endeavor. Submit corrected/completed lists to Ms. Lee Krebs, BC-680A. Please call Lee at (303) 236-9459 if you have any questions or need additional information.

Thank you for your assistance with this task.

Signed:
Dennis Sykes
Director, National Business Center

Approved:
Lynne J. Lotvedt
Staff Assistant
